For Inclusion In The
Administrative Record For
The Coakley Landfill

Timothy E. Williamson,
Assistant Regional Counsel
U.S. Environmental Protection Agency
J.F.K. Federal Building
Boston, Massachusetts 02203-2211

Re: Coakley Landfill: Additional PRP's for Formal
Notice

Dear Mr. Williamson:

We have conducted further research of the types of businesses which sent waste to the Coakley Landfill during all or a portion of the years of its operation, and submit the following information as a supplement to my February 23, 1990 letter to you. We have identified additional PRP's which should be designated under CERCLA as having responsibility for conditions at the Coakley Landfill. These PRP's should be included in Attachment B to the EPA's 2/2/90 Notice of Potential Liability letter as having potential liability to the U.S. EPA.

Automobile Repair & Service Businesses

Below is a list of additional businesses which engaged and continue to engage in the repair and/or service of automobiles and other vehicles, which generate waste oils, solvents, paint related material and scrap automobile parts and metals. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these

-2-

businesses is such that their wastes must have included hazardous wastes.

1. Great Bay Marine, Inc.;
2. Ken's Garage;
3. Midas Muffler & Brake Shops;
4. Montgomery Ward;
5. Taylor Rental.

Fuel/Oil and Bottled Gas Businesses

Below is a list of additional businesses which engaged and continue to engage in the sale of fuel, oil and bottled gas which would dispose of waste oils and solvents. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. Atlantic Terminal;
2. C. M. Dining, Inc.;
3. Lamprey Brothers;
4. SEA-3, Inc.

Cleaning Companies

Below is a list of additional cleaning companies which provided and continue to provide cleaning services and which would dispose of waste solvents and cleaning fluids. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. Burnham Dry Cleaners.

Building Material & Supply Companies

Below is a list of additional building material and supply companies which provided and continue to provide

-3-

building materials and supplies and which would dispose of waste materials and solvents. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. New England Homes, Inc.;
2. Ricci Supply Co., Inc.

Machinists and Tool Manufacturing Companies

Below is a list of additional machine and tool manufacturing companies which manufactured and continue to manufacture machines, machine components and tools and which would dispose of waste oils and solvents and scrap metals. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. Brigham Tool & Die Co.;
2. Chadwick & Trefethen;
3. Roland H. Ripley & Son.

Insulation Companies

Below is a list of additional insulation companies which provided and continue to provide insulation services and which would dispose of waste insulation materials. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. Tri-State Insulation Co., Inc.

Trucking & Transport Companies

Below is a list of the transporting and trucking companies which provided and may continue to provide transportation and trucking services and which would dispose

-4-

of waste materials. These businesses should be included by EPA since they were in business in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. Ray The Mover;
2. Truck-A-Way System.

Sewer & Water Contractors
(Also Building & Road Contractors)

Below is a list of the sewer and water contractors (also building and road contractors) which provided and may continue to provide sewer and water services as well as building and road construction, and which would dispose of waste materials. These businesses should be included by EPA since they were in businesses in the communities which used the Coakley Landfill during all or a portion of the years of operation of the Coakley Landfill. Thus, waste generated by them was disposed of at the landfill. The nature of these businesses is such that their wastes must have included hazardous wastes.

1. Griffin Construction
J. P. Griffin, Inc.

I have attached a revised list of PRP's which contains the names and addresses of the businesses we are requesting be added to EPA's Attachment B, together with the reasons for inclusion. I once again respectfully request on behalf of the City of Portsmouth that the U.S. EPA review this revised list and issue notice of potential liability letters to each company which appears on the list.

Very truly yours,

E. Tupper Kinder

N.H. Register is an annual publication which lists
businesses engaged in business within the state of New Hampshire
prior to the publication of each issue. Most of the
businesses which appeared in the 1979-80 Register also appeared
in the 1975-76 Register. Therefore, these businesses were
business in the City of Portsmouth during all or a portion of
the years of operation of the Coakley Landfill.
